

# Year 2 Homework Planner

# Autumn Term Two

Subject: Time:	<b>Reading</b> 10 minutes per day	<b>Spelling</b> 5 minutes per day	<b>Maths</b> 5 minutes per day
<p>A reminder of parental help:</p> 	<p>Shared reading with an adult. Please make comments in your child's reading record book.</p> 	<p>This term we will continue with the Nelson spelling scheme.</p> <p>On a Friday the children will bring home a list of spelling as homework. I will also be asking them to investigate other words that use the spelling rule learned during the week. Dictionary work will also be a focus This helps the children to not only learn the spellings but apply them in their writing.</p> <p>If you have any questions or queries about the spellings then please do not hesitate to contact me.</p>	<p>Mental maths is an essential part of your child's homework in Year 2 and therefore must be practised on a daily basis at home. This term our topic is addition and subtraction.</p> <p>Here are some ideas of how you can support this at home:</p> <ul style="list-style-type: none"> <li>*Learning number bonds to 20. Knowing these off by heart supports your child with basic addition and subtraction.</li> <li>*Working on times tables. Start from where your child is at and work on the tables from Year 1 and 2.</li> <li>*Simple mental additions (6-3) (12-6) (10-5)</li> <li>*Simple mental subtractions (5-2) (10-8) (12-4)</li> <li>*Adding ten to any number, looking for patterns. *I have put a list of recommended websites on the class homework page which I will add to.</li> </ul>
<p>School checks and rewards:</p>	<p>1 House Point for every 5 parent comments in the reading record.</p>	<p>Spelling Test- Friday 1 House point for 10/10</p>	<p>Maths weekly skills check 1 House Point for a written parent comment in the reading/communication book.</p>

## This term's important learning:

Please work hard learning your lines at home. Have fun and be confident!
